

RIGHT CHOICE PAINTING & CONSTRUCTION

In business since 2006, and last year we painted over 500 homes! Our company also does exterior carpentry repairs, roof repairs, texture repairs, texture and faux finishes, special metallic finishes and glazing, wallpaper and popcorn ceiling removal, crown molding, baseboards and finish trim installation. Here is what a few of our satisfied customers are saying about Right Choice Painting and Construction:

TESTIMONIALS

Thank you for starting this incredible business built on old fashion integrity! I have never known a company specializing in painting and construction who has the standards that you and your employees demonstrated while working on my home. From the first phone call I made (from a referral), to the final day, I was amazed at your level of professionalism, honesty and overall attention to detail. You truly treated my home as if it was yours. My husband and I appreciate all the little things you did, going over and beyond to make absolutely certain that our home was treated with the best possible care. We will use your services for all painting/construction needs we have from this point forward and will refer your company with the utmost confidence to our family and friends.

Warmest regards—
Tressa and Ken Wolford

My wife and I would like to extend a belated thank you to you and your crew. The work you did on our rental property and also on our house was first rate. It is such a pleasant surprise to find a contractor that provides a great product with customer service in mind. Both my tenant and my wife said numerous times how courteous you and your crew were throughout the two projects. We've had a number of comments about how good the rental house looks. Also, your desire to do the job right instead of cutting corners was unexpected. I can't think of another contractor that would bear the expense of additional material to complete

the project correctly and then not ask for (or accept) any additional compensation. Our house is now squirrel free and hopefully will stay that way. Replacing the fascia with hardi-board should help detract the little buggers from returning. My wife also informed me that as your crew was leaving, they noticed that the previous paint crew had left a slim unpainted line at the top of the garage door. They retrieved the leftover paint and touched up the garage door. Now that's service!

Sincerely—
Tom & Micheal Reimer

Jan Wagner-Adkinson and Jeff Adkinson

ing architect, I appreciate a high level of craftsmanship and more importantly a customer oriented approach to business. Right Choice Painting and Construction offers both.

Sincerely—
Verner W. Laird III, AIA
